

WSRD SSG Workshop III
July 24, 2012
Abstract Submission Information

1. All abstracts are due no later than June 15, 2012.
2. You may submit up to three separate abstracts.
3. All abstracts must be less than 250 words and submitted in electronic format to wigen@nitrd.gov.
4. Abstracts should describe a spectrum-sharing R&D project that:
 - a. Helps address specific technical objectives and requirements outlined in the following documents:
 - i. Title VI of the Middle Class Tax Relief and Job Creation Act of 2012
<http://www.gpo.gov/fdsys/pkg/BILLS-112hr3630enr/pdf/BILLS-112hr3630enr.pdf>
 - ii. National Broadband Plan Section 5:
<http://download.broadband.gov/plan/national-broadband-plan-chapter-5-spectrum.pdf>
 - iii. NTIA's 1755-1850 MHz Band Report:
http://www.ntia.doc.gov/files/ntia/publications/ntia_1755_1850_mhz_report_march2012.pdf
 - iv. NTIA's Plan and Timetable to Make Available 500 Megahertz of Spectrum for Wireless Broadband:
http://www.ntia.doc.gov/files/ntia/publications/tenyearplan_11152010.pdf
 - v. WSRD Workshop II Report (Please contact wigen@nitrd.gov for a pre-release copy)
 - vi. PCAST Report on Spectrum (if available)
 - b. Helps facilitate the 500 MHz transition outlined in the Presidential Memorandum.
 - c. Would reach a meaningful milestone in a 3 year timeframe.
 - d. Are consistent with the Federal Government's role in sponsoring "high-risk high-reward" research innovation and experimentation.
5. Each abstract should include a description of how the technology would be realistically deployed in a spectrum sharing environment.
